in Shravan Kumar

## Profile

A diligent, hard-working undergraduate working towards a Bachelor's degree in computer science. Persistent with a mindset to learn and excel. Seeking for a challenging role to utilize my abilities and make a meaningful impact.

## Internships

**Front-end Intern**, at Lets Grow More  
Nov 2022 – Feb 2023 | Hyderabad and earned a certificate in recognition of my contributions and achievements during the certification program.

**Front-end Intern**, at ICT Academy and Open-weaver virtual internship certificate on AI engineering and did a project, developed in capstone project. It converts text from one language to another language.

## Education

**SSC**, Brilliant Grammar High School, Bhongir  
2017

• CGPA: 8.7

**Intermediate**, Narayana Junior College,  
Hyathnagar

2017 – 2019

• Percentage: 94.7%

**Bachelors**, Vardhaman College of Engineering,  
Kacharam, Shamshabad.

2020 – present

• Computer Science and Engineering

• CGPA: 8.47

## Skills

### Programming

Java, C, C++, JavaScript, Python, DSA

### Frameworks & Libraries

React.js, Node.js, HTML, CSS

## Databases

MySQL, PHP

## Projects

### Verifiability and Visibility of the Data Modification in cloud using Attribute Based Encryption (ABE)

Using algorithms like Advanced Encryption Standard (AES) and Secure Hash Algorithm (SHA), to preserve data privacy, data hosted on cloud platforms should be encrypted. Encrypted data must only be accessed and decrypted by authorized entities. In this work we propose an attribute-based encryption method based on ciphertext policies (CP-ABE) that restricts file data viewing and editing to authorized users only.

## Achievements & Certifications

1. Successfully completed problem-solving training, with specific focus on Data Structures and Algorithms, conducted by Smart Interviews Organization.
2. Successfully completed a certification at Let's Grow More.
3. Successfully completed certification at IBM and earned 2 certificates, one on IBM SkillBuild for completion of Agile Meets Design Thinking and other IBM PY0101EN:Python 101 for Data Science.
4. Earned wipro talentNext java fullstack certificate.
5. Google cloud (Cloudera) certificate on Architecting with Google Compute Engine.
